## TRAIN CRASHES INTO ANOTHER

Double Headed C. H. & D.  
Train Runs Through a  
Big Four Freight

Two Tramps Narrowly Escape  
Being Smothered in Car  
Loaded With Oil Meal

A wreck occurred this morning about 6 o'clock at the intersection of the C. H. & D. and Big Four railroads in this city, that luckily only resulted in comparatively slight damages.

A north-bound Big Four freight train was slowly moving across the C. H. & D. track, when No. 35, the east-bound morning train on the C. H. & D. came down the hill west of this city, and before the passenger train could be brought to a stop, it crashed through the tail end of the freight, sending two cars, a freight car loaded with sacks of oil meal, and the caboose, in opposite directions.

Fortunately the passenger engine struck between the two cars and the only damage it suffered was the loss of the headlight, and a battered up front and cow catcher.

None of the Big Four crew were in the caboose at the time of the collision, or they would have probably been injured, as the car was sent tumbling down the embankment. A fire in this car was quickly and thoughtfully extinguished at once, and saved it from burning.

The C. H. & D. train was a "double-header," having two engines pulling it. Neither were disabled, but the damaged engine was taken off here, and sent back to Indianapolis.

The engineer on the passenger train said that he saw the obstructed track in good time, but on account of wet and slippery rails, he could not bring his train to a stop as quickly as he supposed.

Wrecking trains from Connorsville and Anderson were soon on the scene and cleared away the debris. Both trains were delayed for some time in this city.

One of the train men on the Big Four said that there were two tramps in the freight car filled with sacks of oil meal when they left Greensburg, and didn't see them get off here, but supposed they did, as there was no sign of "life" in the car after it turned turtle.

## FELL ON TRACK IN FRONT OF CAR

Intoxicated Man is Dragged Off  
Just in Time to Save  
His Life

Tuesday night a tailor by the name of Kelly, who is working in this city, nearly met his doom at the Main street crossing of the I. & O. He was standing in the middle of the track when the six o'clock car came in, and it is supposed that he was in an intoxicated condition, as he fell on the track just as the car was coming upon him.

Luckily it happened at a time that many people were near on their way to supper, for several of them hurriedly ran to his assistance and dragged him off the track. It was a narrow escape and scared the rescuers a great deal more than the rescued, for he calmly walked away.

## I. & C. LINEMAN SUSTAINS INJURIES

Shelbyville Democrat: Dan J. Maloon, twenty-four years of age, a lineman in the employ of the Indianapolis & Cincinnati traction company, was injured about noon today, by being jerked headlong from a tower car.

He was at work northwest of the city and was engaged in helping string trolley. The heavy copper wire broke and Dan was jerked from his position and thrown with great force to the ground. He was badly cut in the elbow injured.

## NO HOLIDAY RATES

For First Time in Their History  
Railroads Have no Cheap  
Fares for Thanksgiving

Probably for the first time in the history of railroads, no special holiday rates will be granted this year. No rates were granted for Thanksgiving day, and unless some action is taken at a meeting of the Central Passenger Association at Chicago this week, passengers will be compelled to pay the regular fare during Christmas week.

Railroad officials figure that they would not be justified in granting special holiday rates [this year in view of the many reductions made in passenger fares all over the country. Usually the special rates are announced during the latter part of October, but so far no circulars have been issued, and it is generally believed that none will be issued.

## LARGE CLASS FOR THANKSGIVING EVE

Modern Woodmen Will Initiate  
a Large Class and Have  
Banquet After Work

Burr Oak Camp, 548, M. W. of A. of this city, will initiate a class of forty candidates on Thanksgiving Eve, Nov. 28th. The Milroy degree team will put on the work, and all of the Woodmen of Rush county are cordially invited to attend the initiatory exercises, and also any visiting member. After the degree work is conferred, a banquet will be served in the Knights of Honor hall. Arrangements will be made to entertain three hundred guests.

This class is the second that Special Deputy George A. Young, of Indianapolis, has secured in the last two months, making an increase in the local camp of upwards of seventy members in that time.

## RAISING MONEY ON FIFTEEN ACRES

J. M. Amos Realizes Almost One  
Hundred Dollars an Acre  
on Alfalfa Crop

Talk about your scientific farming, and the raising of this and that, from the report that J. M. Amos gives of his alfalfa crop this year, it appears as if one plants and cares for a crop of alfalfa the principal thing that they will raise is money.

On fifteen acres of his farm, south of this city, Mr. Amos harvested during the past season seventy-five tons—or an average of one and one fourth tons to the acre. He cut the crop four times.

At eighteen dollars a ton, and a harvest of seventy-five tons, Mr. Amos realized \$1350 on the fifteen acres or nearly \$100 an acre.

## STRANGE COINCIDENT OF TWO RUNAWAYS

Mr. and Mrs. Elihu Price, of  
Arlington, Sustain Injuries  
in "Series" of Runaways

Elihu Price and wife narrowly escaped serious injuries in a series of runaways, Sunday evening near their home in Arlington.

They were driving to visit with relatives, when their horse scared and ran away, throwing both of them out along the roadside. Mr. Price fractured two ribs in the runaway, but Mrs. Price luckily escaped uninjured. Later when a neighbor was taking Mrs. Price to her home, his horse scared, ran away, and threw both occupants to the ground. Mrs. Price sustained a fractured collar bone in this unfortunate accident.

Although suffering from the injuries, Mr. and Mrs. Price are grateful that either of the accidents did not

## HIGH VOLTAGE IS TURNED ON

Thirty Thousand Volts Now  
Running Through Wire  
to Shelbyville

New Cars Will be Put Into Ser-  
vice at Once—The Old  
Cars a "Joke"

The "juice" was turned on the high tension wire between this city and Shelbyville today. It carries a voltage of 30,000 volts, and is so arranged that the moment the wire breaks—if such a thing should occur—the current is immediately shut off.

The new cars for the Shelbyville division will probably be run out Sunday for the first time. Commenting on the old cars, in service on the Shelbyville division, the Shelbyville Republican says in serio-comic vein:

We overheard a good one the other day on the old cars now in service on the I. & C.

"They say," remarked one passenger, an Indianapolis business man, to a Shelbyville lawyer, "that the Shelbyville division of the I. & C. is one of the best paying roads coming into Indianapolis. I can't see how that can be so; you seldom see anybody in the cars when they enter the traction station."

"True," admitted the Shelbyville lawyer, "but its only because they're ashamed to be seen in the old cars. Most of the passengers get off down on Virginia avenue and walk up town."

The old cars have been sold to the Indianapolis Street Railway and Terminal company.

## SHOWER OF STARS DID NOT SHOWER

Many Watch Parties Were Up  
Late But Were Sadly  
Disappointed

Several parties stayed up last night until 3 o'clock to see the meteoric shower, but no shower did they see. Something wrong with the Heavenly engines, or the committee on fire works went on a strike. The only fall that they saw was the fall of snow and the fall of the year. At the hotel several traveling men stayed up and all they got for their trouble was to see one fellow fall asleep.

The stars might have done something in other localities, but nothing was doing here. The only star seen to move after dark was Night watchman Scanlan's emblem of authority. The reflection of the falling crystals of snow made it shine brighter than usual.

## MANILLA MAN BREAKS HIS LEG

Jacob Brown is Painfully In-  
jured in a Runaway Ac-  
cident Yesterday

Jacob Brown, of Manilla, while attempting to catch the lines on a team of horses which had started to runaway yesterday morning, was entangled therein and dragged for quite a distance. His right leg was broken just above the knee at the hip, and the socket joint was fractured. Mr. Brown had gone to the field to watch some cobs burn and left his horses standing. They frightened and Mr. Brown grabbed the lines with the result mentioned above. Mr. Brown is fifty years of age.

## DEATHS

Moody Farthing, the three-year-old son of Mr. and Mrs. Jack Farthing, of Andersonville, died this morning about six o'clock of spasmodic croup, a disease akin to diphtheria. The

## POSTING FARMS

Many Injuries From Farmers Re-  
garding Hunting Laws—  
What a Lawyer Says

There are many hunters abroad just now and farmers are interested in knowing just what power they have to prevent trespassing on their premises. Several have asked the Republican if it is necessary to have public notices posted about their premises to sustain suits for trespass should such suits be brought. One says a hunter told him he could not stop him if he wanted to go on his premises because no notices were displayed. A local attorney, when asked regarding the matter, said trespass was trespass and notices had no effect further than to remind hunters in time to keep away. However, he said, he deemed it wise for farmers to make publication through newspapers or by placards, as hunters would not then be so apt to intrude and both sides would save trouble.

## POPULAR YOUNG MAN SUCSUMBS

James Carter Died in Riverside,  
Cal., Last Night, of  
Typhoid Fever

Word was received here last night of the death of James Carter. He died of typhoid fever in Riverside, Cal. where he has been for some time.

Jim Carter was one of the popular young men of this city, and counted his friends by the number of acquaintances he had. He was a brother of Eddie Carter, the ball player, and formerly worked for Capt. J. M. Gwinn here in the horse business.

The news of his death came as a surprise, as Mrs. Isaac Miller, his mother, who lives on North Arthur street, received word from the hospital only yesterday, which stated that her boy was doing fine, and had slept for the first time in days. The message assured them that he was past the dangerous point, and was now well on the road to recovery. They have received word every day from Riverside, since he has been ill.

His remains will be brought to this city for burial. He was a member of the local order of Odd Fellows.

## SHERRICK SOON TO BE FREE MAN

Such is the Prediction Freely  
Made by His Indiana  
police Friends

That David E. Sherrick, ex-Auditor of State, who is now serving a term in Michigan City prison for alleged misconduct in office, will be back in Indianapolis, either a free man or ganted a new trial is the prediction freely made, based, it is said, on action of the supreme court of the State. One rumor is that Sherrick will be returned to Indianapolis within sixty days. That he never will be tried again is confidently believed. The supreme court may reverse the lower court on any one of a half dozen points, but it is believed the reversal will be based on the action of the trial judge in refusing a new trial after one juror firmly accused of having expressed an opinion declaring under oath that he had not. This was the main point on which the defense carried the case to the supreme court.

## COUNTY COUNCILMEN WILL MEET TO ORGANIZE

All the county councilmen-elect have filed certificates of election, and have taken the oath of office. Three of them, Councilmen Cowan, McKee and Henley were in the county auditor's office today and qualified. They will meet next Saturday—the second Saturday after the election—for the purpose of organizing as prescribed by law.

The rummage sale which was to have been held by the ladies of the

## ARE FIXING THE BLAME

Awful Disaster in Northern  
Indiana Town Will Prob-  
ably Never be Known

Known Dead Number Fifty-One  
but Refugees Say this is  
Not Half the Dead

Valparaiso, Ind., Nov. 15.—Coroner Carson was at Chicago yesterday taking the testimony of a number of the survivors of the Baltimore & Ohio wreck who are confined in the Mercy hospital. The court of inquiry was resumed today and a verdict will not be given out until next week.

Clearing away the debris in search for unidentified persons added no names to the list of forty-nine passengers who met death in the wreck of the Baltimore & Ohio train at Woodville, Monday. Coroner Carson, who has charge of the pile of ashes and twisted iron and steel, believes that the list compiled by the railroad company will be increased by a number of infants for whose passage there is no record. Some refugees of the wreck insist that at least 100 to 125 persons were killed. Zaslav Paloviez, a youth of seventeen years, who was injured in the wreck, died in the Mercy hospital today. His death makes the total of known fatalities fifty-one, fifty passengers and one trainman.

Much dissatisfaction has been caused among the survivors of the wreck over the fact that the dead, the majority of whom were Roman Catholics, had been buried near the scene of the wreck without religious rites. Local church officials have arranged with the railroad to have the bodies dug up and reburied.

In an attempt to fix the blame for the wreck the investigation seems to hinge upon whether the first section of the immigrant train carried green lights and whistled signals indicating that there was a second section following. The engine crew of the freight train adhere to their previous assertions that no signals were displayed and that no warning signal whistles were sounded.

## "WHAT NEXT" IS THE NAME OF NEW CLUB

Old J. J. Club is Entertained by  
Mr. and Mrs. A. C. Brown at  
Reorganization Meeting

The old J. J. club met at the home of Mr. and Mrs. Andrew Brown, of North Morgan street, last night, and reorganized for the coming season. The club was rechristened, and will be known as the "What Next" club hereafter.

A most pleasant evening was spent, and after the "business session" the host, Mr. Brown in the role of a modern theatrical manager, introduced a number of high class vaudeville acts, in which all the members took part. This part of the program was a melange of mirth provoking dignified "stunts," and was thoroughly enjoyed by all. After the vaudeville, Mr. and Mrs. Thomas Arbuckle and Mr. and Mrs. Lincoln Giffin gave a twenty minute musical farce, and many of the members claim it was above professional standard. The remainder of the evening was enjoyed in an informal social way.

The club is composed of twelve married couples. The next meeting will be given by Mrs. Arbuckle and Mrs. Giffin, but the date and place has not been determined.

## PRETTY HOME WEDDING IN CHERRY GROVE

Mr. Joseph W. Miller and Miss Edith L. Davis, daughter of William D. Davis, of North Maple street, were married last night at the home of the bride's parent, by Rev. W. P. McGarvey at 8 o'clock. During the ceremony, Mrs. Albert Miller played Mendelssohn's wedding march. About forty invited guests and relatives were in attendance and the bride and groom received many nice presents. They were attended by Miss Ethel Applegate and Mr. Vern Harlow. Refreshments were served. The young couple will reside at the home of the bride's father, in Cherry Grove.

## PENNY DESIGN

It Originated Through the Happy  
Thought of an Indian  
Chief

How many have always thought that the head on the ordinary copper cent is that of an Indian? Look again. It is the face of a girl twelve years, Sarah Longacre. In 1835 the government offered a handsome prize for a design for the new copper coin about to be issued. James Burton Longacre was chief engraver in the United States mint at Philadelphia, and for months racked his brain for a design. An Indian chief came to the mint, saw the twelve-year-old daughter of the engraver and playfully placed his feathered headgear on her head. The effect was striking. The father sketched the pretty face beneath the feathers, and submitted the design and won over a thousand competitors.

## POTATOES FURNISH HEAT AND LIGHT

In Denaturalized Alcohol Form  
—Will Put Gas and Coal  
on the Cheap List

While the potato crop of Indiana each year is worth anywhere from \$3,000,000 to \$6,000,000 and amounts to 8,000,000 to 15,000,000 bushels, those figures, large as they are, offer only an indication of what it is expected the potato crop will do for the State in the future. Lighted and heated by common garden potatoes, to say nothing of gaining its mechanical power from the same source—if that is not the achievement of Indiana within a few years, it will not be the fault of the Agricultural Department. Of course the expected results will be obtained through denaturalized alcohol, and since the Agricultural Department realizes that the Central Western States are in a position to benefit tremendously from the production of this material, it has already set about developing those plants which can best be grown to contribute to the new industry.

On account of its richness in the desired qualities, the potato is the most promising raw material for the manufacture of denaturalized alcohol, and the Department, heretofore, has sent experts to Europe to study the big tuber which grows there, and to arrange for securing seed and transplanting it in this country. This European potato has small value as an edible, but being several times as large as those generally seen in this country, it is naturally just what is wanted for the production of alcohol. It gives an immense yield, it being claimed that enough of them can be grown on one acre to produce 600 gallons of alcohol, which means light, heat and power for a farm household for a year.

Secretary Wilson and Dr. Galloway are enthusiastic over this big alcohol producing potato, which they expect will come as an extremely important addition to Indiana's growing interests, practically amounting to a new industry in itself.

## NEW PAPER FOR THE HIGH SCHOOL

Will Appear Semi-Monthly—  
Editors and Manager  
Selected Today

Arrangements have been completed for the publication of a High School Budget. The make-up of the publication will be along the line of the ones published in the past. The first number will appear as soon as it is possible to secure material for same.

Misses Marguerite Neutenhelzer and Pearl Applegate will be joint editors, and the High school pupils will all contribute squibs for the paper. Lewis Frazee will be business manager. It will appear semi-monthly.

There will be a reception for Mr. and Mrs. Henry Fitzgerald, who were married yesterday, at the home of the groom's parents, Mr. and Mrs. William Fitzgerald, on East Seventh street, tonight.

## EXIT OF THE CIRCUS TRAIN

Automobiles Will be Used  
From Now on in Trans-  
porting the Circuses

Expensive Railway Travel Leads  
the Owners to Adopt High-  
ways and Chauffeurs

Barnum & Bailey's "Greatest Show on Earth" has sounded the doom of the picturesque six, eight and ten-horse circus driver and of the gorgeously caparisoned and plumed steed of the parade. The organization will tour the country in mammoth automobiles, beginning next year, it was announced by "Tody" Hamilton this week. Special large touring cars will be provided for the elephants, and other heavy "accessories."

With the news of this radical departure from all custom and tradition comes information of the dissolution of the so-called circus trust and resumption of the old-time hostility.

For many years the expense of railroad transportation has been a source of growing alarm to the circus proprietor. Railroads do not want the job of hauling the big three-section organizations. The work delays passenger traffic and the danger of accident involving tremendous damages is great.

Mr. Bailey appreciated the urgency of overcoming this condition long before his death last spring, and had settled upon the automobile as the solution. Before the electric and gasoline mode of transportation had reached its present high state of efficiency he had once nearly decided to return to the "wagon show" days, when horses furnished the motive power, but the modern necessity of long "jumps" forced him to abandon the plan. His show took to the road from Madison Square Garden last April with several experimental automobiles. These have demonstrated their practicability so conclusively that next year will see the canvas enterprise moved from town to town by chauffeur and battery.

## CHILD WAS SHOT IN THE RIGHT EYE

Helen Roth, the eight-year-old daughter of Mr. and Mrs. Philip Roth, of Shelbyville, who formerly lived in this city, was seriously injured in her right eye on Wednesday at the noon hour by a pistol in the hands of Russell Higgins, age 13, and a son of Mrs. S. Higgins, of 48 East Taylor street, [the pistol being discharged through the key hole of the Catholic school house door, while Helen was peeping through.

The little girls at the school building were on the inside and the boys were outside. It was almost time for the bell when Helen stepped to the door to peer through the key hole that she might see what the boys were doing. A moment later a shot was heard and the child stepped back with a scream of pain, the blood streaming from her right eye.

The boys have been playing with pistols at the school building for several days, but the teachers in charge thought the weapons in school games had been abolished.

The children have been in the habit of playing Indian or soldier or kindred games and the dangerous weapon makes the game all the more realistic. It is not known whether there was anything other than powder in the pistol fired on Wednesday, but the presumption is that no other substance was therein when the accident occurred.

Mr. and Mrs. Roth formerly lived on North Sexton street, in this city, and Mr. Roth was employed by Innis & Pearce for years. He is a brother of Jacob Roth, a cabinet maker, of North Morgan street.

## AS USUAL, RUSHVILLE IS WELL REPRESENTED

Percy Walker bought a number of horses in the Indianapolis sale this week. Of Dick Wilson's string, the Indianapolis Star says: "Dick Wilson disposed of a big string, all of his animals bringing fairly good prices. The yearling colt, Francis McKinney, went to R. S. ## PROGRAM MAY FAIL

Governor's Speechers Plans May

Not Work Out in Caucus.

Indianapolis, Ind., November 15.—Unless the men who managed the campaign come to Governor Hanly's rescue his plan to elect Emmet F. Branch of Martinsville speaker of the house of representatives may fall through. The outlook now is that Branch will not be elected speaker unless they go down the line for him and tell the Republican members that they will have to stand hitched for him in the caucus. It was learned from half a dozen men who were connected prominently with the state organization that Representative Edwards was their choice for speaker. Edwards showed very plainly that he is disappointed at the way the race ended. He related his version of the conference at the governor's office Tuesday afternoon, and it is not the same one as was told by the governor's followers.

Chairman O'Brien of the Democratic state committee, who was here today, said that the governor's action toward the speakership candidates is without precedent in this state. "If a Democrat had attempted anything like that an alarm bell would have been rung from one end of Indiana to the other to arouse the people," he said. "The difference between the average Republican and the average Republican is

that the Democrats would not stand for what the governor has done. But the Republicans will follow like a lot of sheep, even though they are dead against his tactics now." Chairman O'Brien said that the Democratic members of the legislature will favor the reform measures that are now being agitated. "We will be for them," he added, "but not for Governor Hanly's program. The Democrats have always taken an advanced position on reform legislation. The history of the state shows that. We will be for the reforms the people want now and we will introduce bills for laws to bring them about. We are not, however, backing up Governor Hanly, as we have our own program." Chairman O'Brien said that the result of the election showed that the Democratic ticket would have won if the masses of the party had been confident. "I tried throughout the campaign to show them how we could win if they would go at their opponents with confidence, said he, "but they didn't believe it. It would have been a cinch for us if our side had believed that it was going to win." O'Brien declared that if Governor Hanly had been on the Republican ticket the election boards would be still counting the votes against the Republicans.

It is likely that Gus S. Condo of Marion will be a candidate for the Republican nomination for congress in the Eleventh district two years hence. He is a young man who has the respect of both Landis and anti-Landis factions. When he withdrew from the race for speaker of the Indiana house of representatives there was an understanding among his friends that his name would be proposed for congressman.

Acil Alexander of Marion has been tendered the office of deputy treasurer of state by Oscar Hadley, the new state treasurer. Secretary of State Sims announces the reappointment of Frank D. Grubbs as his deputy.

## Confession Clears Mystery.

Louisville, Ky., Nov. 15.—One of the most remarkable murder mysteries in local police annals was apparently cleared up by the confession of the fifteen-year-old daughter of Mrs. Virginia Ely, the victim. Anna Ely, daughter, has confessed to the police that her father had murdered her mother and that she had hid the weapon and aided him in concealing his guilt for more than a week.

## Uncle Joe Goes Hunting.

Evansville, Ind., Nov. 15.—Hon. Jos. G. Cannon, speaker of the house of representatives, arrived here yesterday from Danville, Ill., and was met by United States Senator Hemenway, who accompanied him to the latter's home at Boonville, Ind. Speaker Cannon and Senator Hemenway jointly own a farm in Warwick county, and they will spend this week hunting quail on the farm.

## Forger Receives Sentence.

Pittsburg, Pa., Nov. 15.—E. E. Clark of Columbus, O., arrested here two weeks ago after a desperate fight with officers, charged with passing forged checks on the Merchants' Savings and Trust company and carrying concealed weapons, was sentenced to serve four years in the western Pennsylvania penitentiary. Clark offered no defense and pleaded guilty.

## SAME OLD TRICKS

Standard Oil Company Accused of Keeping Up Its Habits.

## FINE WAS INEFFECTIVE

Grand Jury at Findlay Has Indicted John D. Rockefeller and Three of His Associates.

The Understanding Is That They Disregarded the Lesson Recently Received in Court.

Findlay, O., Nov. 15.—The grand jury has found indictments against John D. Rockefeller and three other persons in connection with the Standard Oil inquiry which was reopened upon the reconvening of that body in adjourned session Tuesday. What the indictments allege or who the three other defendants in addition to Mr. Rockefeller are, was not given out by Prosecutor David, who, however, admitted the indictments had been returned. The bench warrants issued upon the indictments were placed in the hands of Sheriff Groves, who took them and went to Cleveland, where it is supposed they are to be served.

The report of the grand jury will be made public tomorrow and the indictments returned are at present in possession of the clerk of courts of this county. It is understood the indictments charge the defendants with having continued to contract oil productions and to fix prices on and after July 7, 1906, in violation of the Valentine anti-trust act, a state law, under which the recent prosecution of the Standard Oil company in this county was conducted and in which a fine of \$5,000 was imposed by the probate court.

## The Other Parties.

Cleveland, Nov. 15.—Deputy Sheriff A. S. Johns of Hancock county has arrived here and made public the names of three other persons indicted at Findlay in addition to the indictment of John D. Rockefeller. Johns has warrants for the arrest of M. G. Vilas, treasurer of the Standard Oil company of Ohio; J. M. Robertson, secretary, and H. P. McIntosh, a director.

## THE NATION'S WEALTH

Has Increased Nearly 21 Per Cent in Four Years.

Washington, Nov. 15.—The United States census bureau has estimated the total wealth of the country in 1904 to be \$106,881,415,000. This shows an increase in wealth over the estimates for 1900 of nearly 21 per cent and of 64 per cent over the estimate for 1890, when the total wealth was \$65,027,091,197.

In 1904 the value of the real property taxed was \$55,607,719,435; real property not taxed, \$6,569,527,174; livestock, \$4,073,791,736; railroads and their equipment, \$11,244,752,000; materials and products of manufacturers, \$7,409,286,000; furniture, carriages, etc., \$5,700,000,000; manufacturing machinery, etc., \$3,297,754,180; gold and silver coin and bullion, \$2,002,430,272; clothing, \$2,500,000,000. Converted into \$1 bills placed end to end, the string would be long enough to reach from the earth to the moon and back thirty times.

## Pledged to Secrecy.

Washington, Nov. 15.—Currency expansion legislation in some form will be recommended for the action of congress at its coming session as the result of the sessions of the currency committees of the American Banking association and the New York Chamber of Commerce, which have been held here for the past three days. What that legislation will be none of the members are willing to say at this time, as all of them have been pledged to absolute secrecy regarding the doings of the committees until the final draft of the plan proposed is passed on by them.

## No Longer a Countess.

Paris, Nov. 15.—The tribunal of first instance of the Seine, Judge Ditté presiding, has granted a divorce to the Countess de Castellane, formerly Anna Gould of New York, and gave her the custody of her children, who, however, will not be allowed to be taken from France without the consent of their father, Count Boni de Castellane. Although the court denied the count's application for an annuity, there is the best ground for the statement that Madame Gould will make a liberal allowance to the father of her children.

## Bomb in a Roman Cafe.

Rome, Nov. 15.—A bomb was exploded in front of the Cafe Arago in the center of the city, last evening. The fashionable throngs at the cafe were thrown into confusion and one man was seriously wounded. The perpetrator of the deed was not apprehended.

## Trainmen Talking It Over.

## HOLDING SUSPECTS

Four Known Anarchists Held at Panama While President Is There.

## PRECAUTIONS TAKEN

During the Presidential Sojourn on the Isthmus all Suspicious Characters Are Held in Jail.

The President's Party Inspected the Canal Zone Today, Proceeding by Slow Train.

Panama, Nov. 15.—President Roosevelt is expected here today and he will receive an enthusiastic reception. President Amador, his wife and the members of the cabinet, accompanied by a number of prominent citizens of this republic, went to Colon last evening to meet President Roosevelt. The latter and his party left Colon on a slow train today in order to give them an opportunity to see the canal works.

The presidential train, after passing through the zone, will go to Laboca, where President Roosevelt will inspect the Pacific entrance of the canal. At Panama President Amador and

PRESIDENT AMADOR.

his party will separate from President Roosevelt and his party. The latter will cruise in Panama bay, inspecting the various islands and probably landing at Taboga to examine the sanatoriums erected by the Isthmian Canal commission. Mr. Roosevelt and his suit will then return to the mainland.

According to the program at 2 p. m. today procession of government officials and prominent citizens, escorted by 200 young men mounted will proceed from the cathedral to the Tivoli hotel and receive President Roosevelt there at 3 p. m., when the party will start for this city, with the mounted escort in advance, preceding the carriage of Presidents Roosevelt and Amador and the rest of the procession, which will proceed to the government palace. The party will stop in front of the cathedral where a platform has been erected for the two presidents, from which President Amador will deliver an address of welcome. After his speech all the school children of the capital will parade in front of the platform and sing the national anthem. The same ceremony will be observed in escorting President Roosevelt back to the hotel.

President Amador will entertain President Roosevelt at dinner in the palace at 7 p. m., and from the balcony of the palace President Roosevelt will witness a display of fire works in the bay. At 10 p. m. President Amador and his wife will hold a reception in honor of President Roosevelt and Mrs. Roosevelt at the Commercial club. More than 300 persons will be present.

Every possible precaution will be taken to protect President Roosevelt. All steamers arriving here are inspected and all suspicious characters have been imprisoned and will remain in custody until Mr. Roosevelt leaves. Within the past few days, four known anarchists are reported to have been arrested on landing at Colon or Panama. The police of the two cities are acting together, practically under the orders of Captain Shanton, chief of police on the Panama canal zone and the special American secret service officers now here.

## The Press Remembered.

Colon, Nov. 15.—President Roosevelt invited the local newspaper correspondents to come on board the Louisiana at 4 o'clock yesterday afternoon. His invitation was accepted by the editor of the Colon Independent, the editor of the Jamaica Gleaner, and the representative of the Associated Press. The president said the voyage down had been pleasant and uneventful. He expressed himself as gratified at the welcome being prepared for him on shore, and said he intended to see everything possible for himself, in connection with the canal, during his three days' stay on the isthmus. The president spoke at length with Mr. Delisher, editor of the Gleaner, regarding the question of Jamaican labor here, and promised to look into the matter thoroughly.

Roosevelt's Panama tour is the first trip of an American president outside of the boundaries of the United States.

## BY THE WAYSIDE

Elmer Hite is saying that his friend Sam Trabue has the eloquence of a Demosthenes, and a charm in his delivery that is far above the average which most "public orators" possess. Recently when Marshall O'Banion was given a preliminary hearing in the Mayor's court, Sam was on the floor (with both feet—and that's going some) and was exhorting in a manner that disturbed the peace of the overflow meeting of the Ananias club in session below. Right in the middle of his speech, when he finally had the court wrapped up in what he was talking about, a little rat came sneaking out of a hole, to learn what all the commotion was about. He reared up on his haunches, as if to listen to the rest of Sam's masterpiece, when Elmer Hite, who was associated with Trabue in defending the prisoner at the bar, pointing to the rat, spoke right out in meeting: "You've got 'em charmed, Sam."

That ruined everything. Sam was just talking about the fair Lucrece and was reaching a climax (and standing on his tip toes to do so).

It rattled him for a few seconds, but he soon got on his feet again. The rat left in disgust. Sam's friends now speak of him, not as a Demosthenes, but as "Pied the Piper," the "Rat Charmer."

## CHURCH NEWS

On Nov. 17th and 18th, Brigadier E. B. Cox and Staff Capt. Yoder, the chief divisional officer of Michigan and Indiana, will be in this city to inspect the local corps. They will conduct the meeting Saturday evening in the Salvation Army church on South Pearl Street at 8 o'clock. On Sunday morning Nov. 18th, the Brigadier will fill the pulpit at the Presbyterian church, and at 3 p. m. the Brigadier will again conduct a prayer meeting at the army church. In the evening the Brigadier will fill the pulpit at the Christian church. All are cordially invited to attend these meetings. Capt. and Mrs. McMillan will be in charge.

## AMUSEMENTS

The Troubadour Concert company which comes to the Social club on February 5th, is one of the highest class attractions in the country.

Emily Murray will entertain with selections from popular authors, short stories, humorous characterizations of quaint and strange people and with brisk and bright monologues.

Michael Briglia, a violinist, who plays with an artist's technique, is musical director and also a soloist. Nichol Briglia on the flute is a remarkable artist in both orchestral and solo work. Antonia Milano, violinist and Felice De Luca, harpist, are features on the program.

As apple blossoms fall in the spring after a shower of rain and the wind has blown through the orchard, so do tears fall from the eyes of the spectator during the production of "The Banker's Child." And just as the sun follows the rain, so does laughter succeed the tears in the rendering of the play. It is not an affected story, but a simple tale woven around the lives of a few people, among them a man who deserts his wife and little child, the principal incidents of their lives tied together with beautiful language. It is just a stage poem with all those things which make tears and laughter commingle. This great play will be presented by Harry Shannons' clever company. The play is from the pen of Eunice Fitch. At the city opera house for one night only Monday, November 19th.

## DANGERS FROM DYSPEPSIA

### Imperfect Digestion Most Profitable Cause of Serious Disease

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indication as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50 cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but F. B. Johnson & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

## The Young Man's Store

We don't believe that another store in town caters to the clothes-wants of young men in just the same way, or nearly so well as we do.

The demand of the young man for clothes original in design, appreciably more radical in cut and livelier in pattern than the clothes made for older men, is met in this store in a way that no other clothier in town attempts.

Garson-Meyer Clothes for young men are distinctly young men's clothes. They are just the sort of clothes that spirited young fellows demand—smarter, more dashing in cut, and better made than any other ready-for-service clothes produced for the same sort of wearers.

Ruth, the infant child of Mr. and Mrs. Jacob Weber, of West Fifth street, is dangerously ill.

Percy Wright and family have moved from West Seventh street to 625 North Sexton street.

Prof. John Stockley, of Straughn Station, is suffering from an attack of the impaction of the bowels.

The revival meetings at Glenwood are attracting large crowds, and much interest is taken in the revival.

The teachers of Anderson, Richland and Orange townships will hold their third institute next Saturday, Nov. 17th.

A snow fell last night that covered the ground—in some places—but disappeared this morning as quickly as it fell.

Judson Harmon and a corps of officials of the C. & D. railroad, will be here tomorrow on an inspection tour.

Mrs. Frances Frazee, of Orange, mother of John P. Frazee, of this city, is much improved from a recent serious illness.

The rural carriers were again delayed this morning on account of the collision of the two trains in this city this morning.

James Warrick takes the corn silk medal. Working on the Harry Clifford farm this week, he shucked 130 bushels of corn in eight hours.

Ed Walker is putting the roof on the new Catholic parsonage. The house will be finished with a double story colonial veranda in front.

W. A. Smith entertained a number of old friends at dinner yesterday. Of the sixteen guests present, their ages averaged almost seventy years.

W. S. Cover will sell the \$10,000 livery stock formerly owned by George Caldwell, at public auction tomorrow morning beginning at 9:30 o'clock.

The Knights of Columbus excursion to Greensburg, Sunday, is open to the public for transportation, and not an exclusive train as is generally supposed.

The appeal case of Marcus A. Kendall vs. Alfred Kendall, was dismissed in the higher courts at Indianapolis yesterday. Megee & Kiplinger, attorneys for the defendant.

The several banks of this city published their quarterly reports, and they show that the banks have been doing a good business and reflect the prosperity among our people.

George W. Hall, of Washington township, has moved the house occupied formerly by Mr. and Mrs. Hal Hopper, the old "Shanketank Academy" building, to his farm about a half mile east of where the academy was built.

The \$10,000 livery stock of Geo. Caldwell, Rushville, will be sold at auction, Friday, Nov. 16th.

County Commissioner Charles H. Lyons purchased thirty-nine head of export cattle of the Megee brothers, east of this city, this week. The stock is full-blooded Herefords.

J. B. Reeve will build another double house on his lot on North Morgan street. He is having the house formerly occupied by Sam Morgan and Robert McIntire, moved off the lot.

Burr Oak Camp, Modern Woodmen completed arrangement for the large class they will initiate Thanksgiving eve. Special Deputy Young, of Indianapolis, is working hard for thirty-five candidates.

Greenfield Star: The old court house bell was removed Tuesday from the city building and taken to the Presbyterian church to be placed in the tower that will probably be completed this week.

Megee & Kiplinger are attorneys for Otto Leuward, who is suing his wife for divorce. Her name was Maud Campbell before she was married, and was a waitress at the Windsor hotel. She came here from Connersville.

It is beginning to appear as if New Castle will land the Maxwell automobile factory. They are raising the money by a sale of lots, and have until Saturday night to make up the large bonus demanded by the factory. The factory will employ 1500 men.

Senator Albert J. Beveridge will deliver an address in the interest of the Y. M. C. A. of Eastern Indiana, in Richmond next Sunday afternoon at 3 o'clock. The meeting will be held in the Gennett theatre. Several from this city will attend the meeting.

The hunting party, composed of Will McColgin, Jim Smith and Guy Abercrombie, returned from Scott county last night, and beg to report the slaughtering of 92 rabbits, 49 quails and 2 squirrels. A pretty fair record for three fellows in two days.

Elmer Hilligoss, living on the Haughville pike, on rural route 19, near Indianapolis, in advertising for a horse that was stolen from his farm last week, and offers \$25 reward for its return. It is described as a dark brown mare, with a white spot on the forehead, and has a white left hind foot.

The different papers throughout this part of the country have taken up the expression "The Switzerland of Indiana," which the Republican gave to the country near the Williams creek arch, and will make that location "famous" by referring to it "thustly" in the future. And it really deserves it—if the pictures we have seen of Switzerland are not exaggerated and touched up views.

John Oster, of this city, and his cousin, Harry Wolters, of Indianapolis, formerly, of this city, write from Colorado, where they have a hunting camp in the mountains, that they have bagged a great deal of game. They have killed a large black bear, and sent a number of pictures as proof. Mr. Wolters is a photographer, by the way, and is in the mountains on account of poor health.

Stewart Beale and Orle Muster, the rear guard of the party which was hunting near Madison this week, arrived home last night. Charles Edger-ton and Supt. W. O. Headlee returned Tuesday evening. The party bagged 158 pieces of game. Stewart Beale has some wild and woolly tales which he surely relates with a good, straight countenance.

## SMOKING A CIGAR

Curious Bet That Shows an Impossible Way of Smoking

"I have a customer who thinks he smokes twenty Wadsworth Bros. Chicos a day," said Thos. W. Lytle. "As a matter of fact, he gives away a good many, but is firm in his belief that he smokes more cigars than any other man in Rushville. He says he is willing to bet that no man can smoke even one cigar continuously until it is consumed without taking it from his lips, and he has won a good many boxes of Chicos on this simple bet.

"Of course, this man's trade keeps me buying Chicos right along, but aside from what I sell him, Chicos have the largest sale of any cigar in my case. "I warrant it clear Havana filler, and although it sells for five cents it is equal to any ten cent goods. I cannot recommend it too highly."
